QUEEN'S HARBOUR MASTER PORTSMOUTH
LOCAL NOTICE TO MARINERS
No 42/14

HMS WARRIOR 1860 UNDERWATER INSPECTION WORKS 9 – 16 JUNE 2014

1. NOTICE IS HEREBY GIVEN by the Queen's Harbour Master Portsmouth that underwater inspection works involving diving and surface operations will be conducted from 9th to 16th June 2014 on HMS Warrior's mooring cables (chains).
2. Diving works will be conducted on both the forward and after mooring cables by Sealift Diving, supported by a 5 metre Rigid Inflatable Boat (RIB), callsign "Sealift Diving", which will remain on station while the diving work is being conducted and will display the appropriate signals when conducting diving operations. HMS Warrior will also fly Flags Alpha and Romeo Yankee. Normal permission to dive will be obtained from QHM Harbour Control.
3. It is expected that diving on the forward cables will commence on 9th June and the after cables from 11th June. Mariners are requested to keep a good lookout and pass the support RIB with a wide berth and at slow speed. This will be particularly important for the operations on the after cables where the divers will be some way out into the channel and thus exposed to passing traffic.
4. QHM Harbour Control will be kept informed of the work in progress and the precise location of the divers and may be contacted on VHF Ch 11 or by telephoning 023 92 723689 for the latest information.
5. Cancel this Local Notice To Mariners Tue 17th Jun 2014 (11 days)

Fri 6th Jun 2014
Semaphore Tower
HM Naval Base, Portsmouth.
